EXPRESSION OF INTEREST

Powering Silhouette Island with the sun

Solar PV • Battery storage • 20-year power purchase agreement

Solar PV and Battery Energy Storage System – Silhouette Island

Islands Development Company Limited (IDC) invites qualified companies and consortia to express their interest in financing, building, owning and operating a solar PV and battery storage system on Silhouette Island, and selling the electricity to IDC as an independent power producer.

The project

- Hybrid solar-battery-diesel microgrid of indicatively **1.5–2.0 MWp** of solar PV and **2 MWh or more** of battery storage
- **20-year power purchase agreement** at a flat tariff, with ownership transferring to IDC at the end of the term
- Open to solar developers, independent power producers and EPC contractors, alone or in consortium

How to respond

Request the EOI document by email from the contact below. Responses must include the company profile, projects undertaken and financial standing. Shortlisted companies will be invited to submit full proposals.

Closing date: 5 November 2026, 12:00 Seychelles time

IDC is not bound to shortlist any respondent and may cancel the process without liability. Canvassing will lead to disqualification.
